

4th  
ANNUAL

## Navigate your path to success in construction by learning from industry-recognized leaders!

The 4th annual Women's Construction Leadership Seminar is looking for the country's top 50 female student leaders. Those selected to attend this seminar will tour a multimillion-dollar project, learn from successful Kiewit managers and create camaraderie with other women in this growing, dynamic and fun industry. We are searching for the best and brightest in the construction, engineering and mining industries. If you think you have what it takes, don't wait — apply online today!
