Kiewit is one of North America's largest and most respected construction and engineering organizations. With our roots dating back to 1884, our employee-owned organization operates through a network of subsidiaries in the United States, Canada, Mexico and Guam. Kiewit offers construction and engineering services in a variety of markets including transportation; oil, gas and chemical; power; building; water; marine; industrial and mining.

KIEWIT'S EQUIPMENT FLEET

Our work demands require we employ the most modern and technologically advanced equipment available. Boasting 38,400 units with a replacement value of \$5.6 billion, our fleet helps build some of the most remarkable work in North America.

EQUIPMENT OPERATIONS

We're proud to have one of the largest and most diverse equipment fleets in North America, supported by a thorough equipment management program.

As equipment supports nearly all of our operations, the Kiewit equipment team is dedicated to ensuring:

- Safe and compliant equipment operations
- Maximum equipment reliability
- Cost-effective equipment operations
- Access to the most modern and technologically advanced fleet available
